about me

My name is Pantelis, I live in Greece and Im a student In the Ionian University.
In
my free time Im making scripts and mechanics for games in Unity Engine. I
scetch figures and
making game characters. I also play video games. My goal is to combine the
things
I enjoy the most, Design and Coding. Thats why Im interested in domains like

Game Development,
Website Development, Software Design and Character Illustration.

Worked For

-

Public (2019)

The summer of 2019, I worked as a salesman in the branch store of Corfu.

•
